FOOD: An average of 100,000 pounds of produce is grown every year on 13 farms in the Chicago area. Most of the produce stays in the communities where it's grown.

HEALTH: We offer cooking and nutrition classes, as well as affordable or free produce for more than 1,000 community health center patients with diet-related diseases every year. We contract with more than five partners a year to bring the healing power of nature and food to 350 people per year.

JOBS: We provide paid, on-the-job training for more than 100 people every year. Our workforce development programs achieve an average of 80 percent placement rate in food systems jobs post-training. Since 2013, Windy City Harvest has helped to grow 30 small farm businesses.
